

# Appendix I: Programs Requiring Executive Order 12372 Review

*This appendix lists programs requiring Executive Order 12372 review. Executive Order 12372 "Intergovernmental Review of Federal Programs," structures the Federal government's system of consultation with State and local governments on its decisions involving grants, other forms of financial assistance, and direct development. Under E.O. 12372, States, in consultation with their local governments, design their own review processes and select those Federal financial assistance and direct development activities they wish to review.*

Since October 1, 1983 most States have acted to establish a review and comment system in response to E.O. 12372. In such cases, applicants for grants will need to meet the requirements of the intergovernmental consultation process established by a particular State and its local governments before Federal agencies take action on an application.

For more information on the process a particular State requires to be followed, an applicant should contact the office or official designated as the single point of contact in his or her State. Consult the individual program description in the Catalog to determine whether the programs under which he/she plans to apply is subject to E.O.12372. Consult the Federal agency's application package for instructions on State notification.

The State Single Point of Contact List is printed at the end of the listing of programs.
